Filippo Tinnirello

Frontend Developer

05/07/1981 Italian filippo@tinnirello.dev
filippotinnirello.it linkedin.com/in/tinnirello/

I bring over 17 years of expertise in front-end web development, with a solid foundation in HTML, CSS, and JavaScript. In recent years, I've specialized in WordPress and PHP, enhancing my ability to create dynamic and responsive websites. I stay updated with the latest web technologies including CSS grids, flexbox, preprocessors, and modern JavaScript. With a focus on SEO best practices and performance optimization, I take pride in converting designs into polished, functional websites. My attention to aesthetics allows me to tailor layouts to meet specific design requirements. Additionally, I've recently expanded my skill set to include React and other contemporary development tools.

Professional Experience

2023

Wordpress Developer
Creativart
I continued to focus on front-end development of WordPress themes, with an increased emphasis on pre-built themes and visual development, primarily using Elementor. Given my inclination towards code, I was able to use PHP code and work directly on templates to customize themes as much as possible and optimize the data input process.

2018 – 2023

Front-end and Wordpress Developer
24 Consulting
I created custom themes using PHP and ACF. Additionally, I gained a proficiency in developing static websites, leveraging bundlers and generators for seamless integration. I ensured responsive designs through (S)CSS, HTML, and JavaScript, and oversaw site maintenance and optimization, all seamlessly managed through Git. Beyond this part, I managed the entire content transfer process from the development environment to production, handling all necessary configurations, including server-side setups.

2006 – 2018

Full-stack Developer
24 Consulting
I created web interfaces, mostyl websites, frontend to backend, using self taught CSS, HTML, JavaScript (jQuery), with ASP and Access/SQLite databases for data storage.

Languages

English

Native speaker

Hard skills

Wordpress ●●●●●
Theme development, Custom post types and taxonomies, Gutenberg, REST APIs

HTML ●●●●●
Responsive design, accessibility, SEO best practices, rendering optimization, devtools

JavaScript (ES6+) ●●●●○
DOM manipulation, Fetch API/Ajax, Events handling, modules

Build tools, package managers ●●●●○
Git, Npm, Yarn, Webpack

React* ●●●○○
Next.js, Redux, React Router, Vite, Jest

CSS and frameworks ●●●●●
Bootstrap, TailwindCSS*, Preprocessors and compilers, flexbox/grid, browsers compatibility, responsiveness

LAMP ●●●●○
PHP, MySQL, Apache

Design tools ●●●●○
Typography, Image editing and retouching, UI principles, Photoshop, Figma, XD, InVision

* Proficient in React and TailwindCSS with thorough theoretical knowledge and self-study, seeking practical application in a professional work environment.

Soft skills

Independent, organized, and self-driven work ethic
I am a self-motivated professional with a strong sense of independence and organizational prowess. This allows me to excel in both structured office settings and remote work environments.

Meticulous problem solving and attention to detail
My critical thinking skills, coupled with an acute attention to detail, empower me to identify and resolve complex problems. This precision extends to my work in frontend development and WordPress-specific projects.

Remote-ready collaboration and adaptability
I excel in team-oriented environments, both in-person and remotely, showcasing adaptability and a collaborative spirit. Whether working side-by-side or across continents, I bring a seamless cooperative approach.

Passionate web development enthusiast
I have an unwavering passion for web development, particularly within the realm of open-source technologies like WordPress. This fervor drives my continuous learning and growth, making me an asset in any remote development team.

Effective communication
I communicate effectively in both technical and non-technical contexts. This proficiency in English ensures clear documentation and smooth collaboration, regardless of geographic boundaries.
